

# ROCOCO COBBLE SETTS

**Rococo**  
PLASPAVE COBBLE SETTS

Subtle colours and a riven surface give Rococo cobble setts the look of natural stone. Large, medium and small units in every pack, plus a loafed profile and broad joints, enhance your choice of patterning. Your driveway or patio can be complemented with a Rococo Circle Set. This contains all the units required to create a 1.58m diameter circle feature.
