

SUGGESTED COMO CIRCLE LAYING GUIDE

DESIGN A

COMO
PLASPAVE COBBLESTONES

The flexibility of these small cobble setts make them ideal for combining with other Plaspave block paving to create patterns, shapes and colour that offer great visual and textural interest. Using these laying patterns as a guide, you can create both of these suggested designs (see alternative design overleaf) from one full pack of Como or why not make them larger or smaller to create your own ideal circle feature.

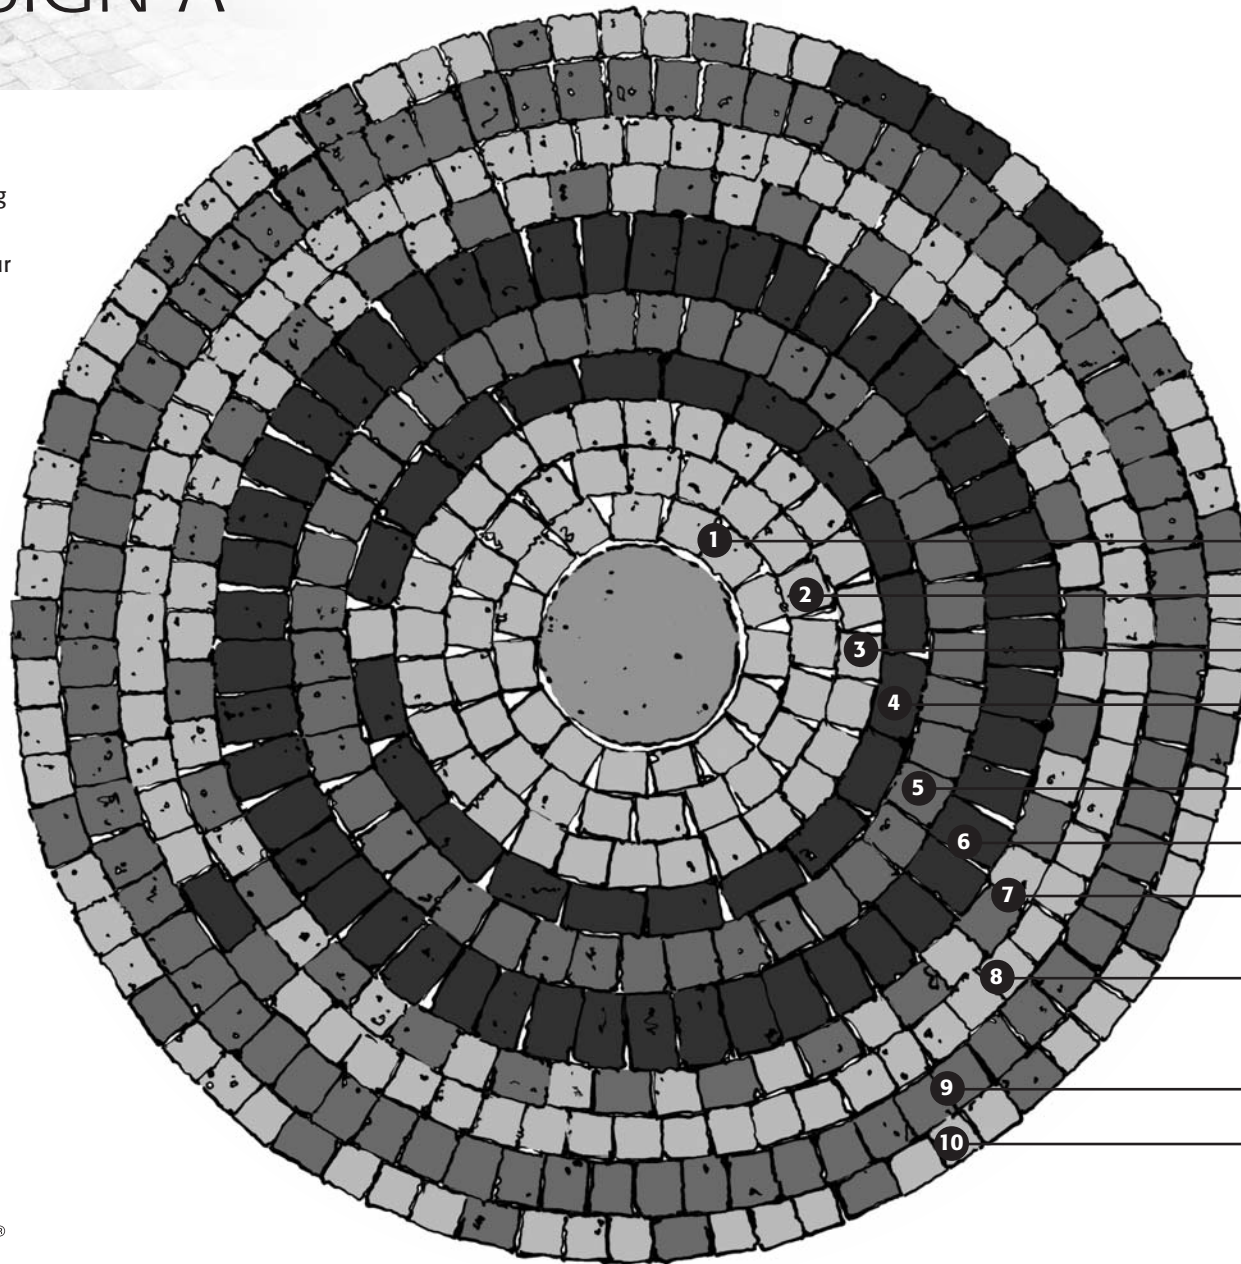

This Como Circle Starter Set is ideal for use as the centre of the circle.

LAYING PATTERN KEY

COMO COBBLESTONES

-  **LARGE** 73 units in total
130mm x 80mm x 60mm
-  **MEDIUM** 157 units in total
